

KWCT-171-49

Ø6X34-G1/8 S316 threaded tube	2	Tube	1	
TT-K-24-PFA blown cable, 2C (yellow: positive pole, red: negative pole)	1	Cable	1	OMEGA
Material list	No	Part	Num.	Color

TECHNICAL SPECIFICATION

Nominal resistance: Thermocouple K type

Working temperature range: -20°C +125°C

Insulation resistance: >100MΩ at 500VDC in water

Voltage endurance: Applying 1800VAC / 2S between the shell and the cable, there is no flash

Protection grade: IP65
